

PRODUCT CODE

EK67

UK SIZE 6 - 13

The Vismo EK67 is a stylish sneaker style boot designed for the modern worker. The upper is made from a 4 layer compressed nylon with external protection on the toe and heel for added durability. The non-metal protective toecap and anti-puncture midsole protect against impacts and punctures on the jobsite while keeping the boot lightweight. Vismo's NRG55 midsole absorbs shock, reducing fatigue and returns energy all day long. Stay surefooted with the anti-slip and durable rubber outsole. The EK67 boot is designed to keep you safe, comfortable, and on top of your game.
